Family Climbing: Suitable for 1 adult and 1 child (4 years and up) this hour long taster session will help parents learn how to safely setup and belay their kids at the wall. During the session the instructor will take you through wall safety and the skills required to become a competent climber, in turn learning how to belay a child during a wall session. A great way to start working towards being signed off as a competent climber.

NIBAS taster session: NIBAS stands for National Indoor Bouldering Award Scheme and is a UK-wide scheme designed to promote climbing development through structured learning and accredited individual achievement. It's a starting point for people wishing to take up climbing, from novice to experienced, the sessions are for climbers aged 7+.
